£449.00 inc VAT

Enhanced Multimedia Entertainment On-the-go

The ASUS X5DIJ notebook sports a 15.6" high definition LED backlit display with a 16:9 aspect ratio provides high contrast rate and color saturation, while an Intel® GMA X4500M provides crisp and clear visuals. Altec Lansing speakers complemented by SRS Premium Sound™ technology with virtual surround sound provides high definition audio enjoyment.

Extended Battery Life

The ASUS Super Hybrid Engine (SHE) consists of the Power4 Gear Hybrid application and the Energy Processing Unit (EPU). Power4 Gear Hybrid facilitates the deployment and usage of power according to the users' preferences in relation to the specific tasks that they need to perform, while the EPU accurately detects the users' power requirements and makes the necessary power adjustments. By intelligently optimizing both system performance and power efficiency, and combining with a 6-cell battery, the ASUS X5DIJ notebook provides longer hours of mobile computing.
